ILS PRACTITIONER COURSE INFORMATION

ILS PRACTITIONER COURSE

Our vocational training course is designed to help ADF personnel, veterans, and Defence professionals transition into successful civilian careers. Defence veterans possess valuable Integrated Logistic Support (ILS) skills, which they learn through their careers in our Defence Force, as end users across over 200 vocations.

Veterans possess fantastic transferable skills applicable to a variety of industry sectors. Defence civilians can also benefit from this course to enhance their careers and understanding of the Australian Defence and Industry. Participants become SQEP ILS professionals, directly contributing to solving the critical ILS skills shortage in Australia.

- The ILS Practitioner Course provides participants with a comprehensive understanding of Integrated Logistics Support (ILS).
- The course runs for 5 days, from 8:30 am to 1:30 pm AEDT.
- The course is delivered virtually.
- The course fee is \$3297 (including GST).
- The course is designed for ADF personnel, veterans, Defence civilians, engineers, and related specialists.

Training & Qualifying ILS Practitioners to be match fit & ready to support your Defence & Industry Programs

ILS EXPLAINED

- Address increasing complexity of equipment and systems.
- Aimed to manage rising maintenance and support costs efficiently.
- Focuses on whole-of-life support for equipment and systems.
- Enhances reliability, availability and maintainability.
- Logistics planning and management for long-term preparedness.
- Ensures cost-effective support of critical systems.

OUR COMMITMENT

Quality People values people and relationships in achieving business goals. Our commitment to your business success and economic growth drives our contribution to Australia through job creation and skilled workforce development. Combined with advocacy for our Veterans as they transition from service to country into civilian careers, leveraging their unique skills and experience, we believe in the power of human connection to build a capable workforce for the future.
